On August 30, 2018 the United States Department of Veterans Affairs (DVA), Education Services provided guidance to all State Approving Agencies (SAAs) on the acceptance of certifications, in order to ensure consistent application of GI Bill approval requirements and to improve the efficiency of the approval process by conserving resources.

It is DVA's opinion that SAAs should accept the determinations made (and licenses, certifications, etc., issued) by agencies or offices duly authorized, appointed, or designated by state or federal laws or regulations to be the agency or office responsible for certifying compliance with applicable laws, regulations, or non-governmental standards. In accordance with DVA's guidance, CSAAVE hereby accepts Columbia College's approval by the California Bureau for Private Postsecondary Education and the Higher Learning Commission as satisfying the approval requirements for the training of veterans and other eligible persons under the provisions of title 38 of the United States Code and title 38 of the Code of Federal Regulations. Accordingly, approval is reinstated for all previously approved courses.

The DVA regional office has been notified of the reinstatement of course(s) under title 38 of the United States Code.

The payment of education benefits is administered by the DVA. Questions regarding the submission or processing of enrollment certifications for Title 38 beneficiaries at your institution must be directed to the VA Regional Office Education Liaison Representative at:
