

Career Development With Equity in Mind

An Inside Higher Ed virtual event
August 25, 2022
11 a.m. Eastern

Host

Doug Lederman
Editor and co-founder
Inside Higher Ed

doug.lederman@insidehighered.com

Agenda

- Introduction
- Landscape overview
- Panel discussion
- Case studies
 - University of Arizona
 - Williams College
 - Austin Community College
- Panel discussion
- Wrapup

Thanks

KAPLAN

Landscape Overview

Michelle Van Noy

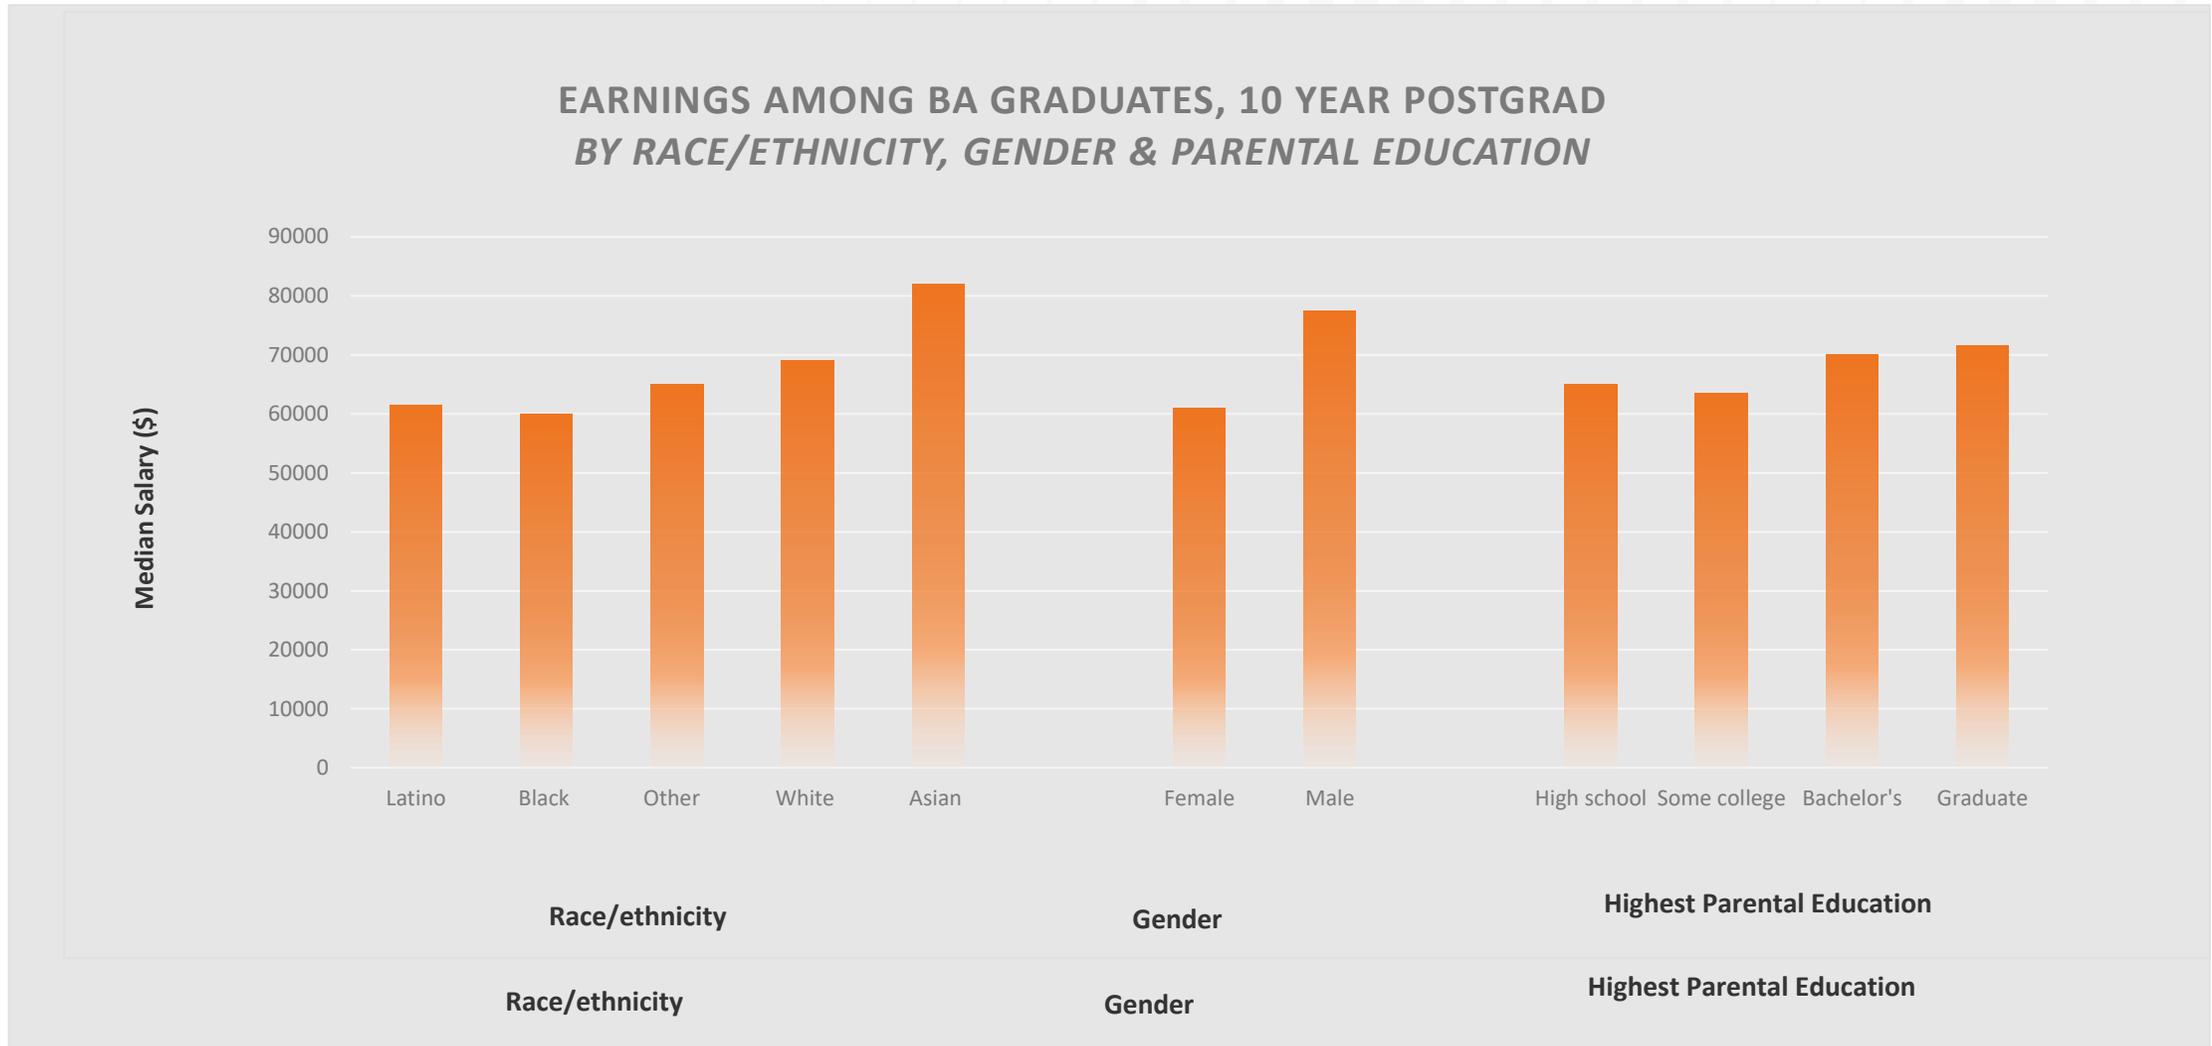

Director and associate research professor,
Education and Employment Research Center
Rutgers University-New Brunswick

mvannoy@smlr.rutgers.edu

**Students come to college
because they want good careers.**

Done well, career development
is about equity.

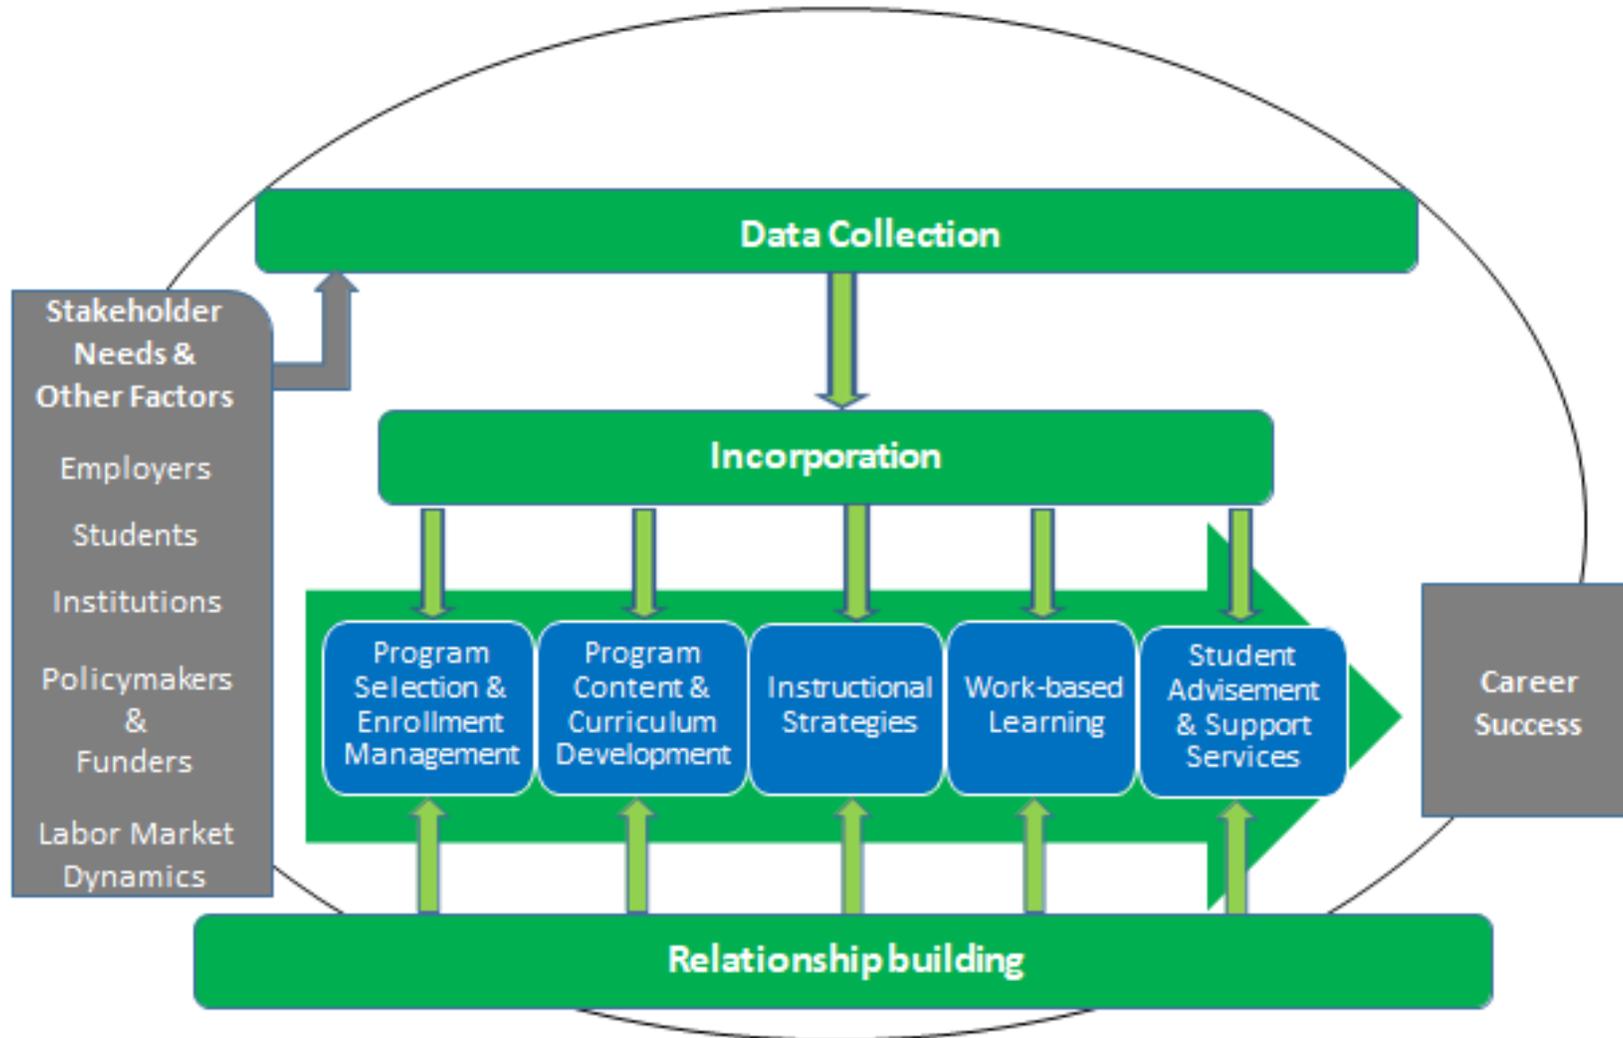

But Inequities Exist in Career Outcomes ...

U.S. Department of Education, National Center for Education Statistics, Baccalaureate and Beyond (B&B:08/18): First Look at the 2018 Employment and Educational Experiences of 2007–08 College Graduates (NCES 2021-241).

**Career success is relevant
to all programs and students,
but approaches depend on need.**

Alignment with the labor market to promote career success is holistic.

6 Strategies to Promote Equity in Career Success

1. Make sure credential pathways lead someplace valuable.
2. Build relationships with employers to convey social capital to students.
3. Advise students about careers and improve career awareness.
4. Help students develop skills for careers
5. Recognize the education as part of regional economies.
6. Use metrics to track equity in career student success.

**Career success is an essential part
of the equity mission.**

How can you promote equity in career success for your students?

Panel Discussion

Saskia Campbell
Executive Director
University Career Services
George Mason University
scampb22@gmu.edu

Brandon Busted
Chief Partnership Officer,
Global Head, Learn-Work Innovation
Kaplan
brandon.busted@kaplan.com

Case Study: University of Arizona

Abra McAndrew

Assistant vice president for access,
engagement and opportunity

mcandrew@arizona.edu

Case Study: Williams College

Ashley Bianchi

Director of student financial services

abb5@williams.edu

About Williams

- ~2200 students
- Undergraduate, liberal arts focus
- 53% receive financial aid
- 15% first generation to college
- 46% U.S. students of color
 - 9% International students

Williams' Center for Career Exploration

Mission: Prepare Williams students to explore and pursue their goals through comprehensive, individualized career education.

Williams
College

- The connection starts when students arrive on campus.
- No major declaration before the end of the sophomore year.
- Exploration includes academic courses, mentorship, volunteerism, peer advising, optional programming, job shadowing, internships, job opportunities in the academic year and the summer.
- Staff who specialize in career-related fields.

Williams All-Grant Program

- Announced in April 2022
- Williams replaced all loan and work expectations with grants.
- Does not reduce/eliminate meaningful work opportunities
- Gives students choice in the way they spend their time outside the classroom and during breaks
- Students are still encouraged to work in the summer/academic year if that meets their goals

Case Study: Austin Community College

Linda Smarzik

Dean, computer science
and information technology

lsmarzik@austincc.edu

Pam Fant-Saez

Director, Student Impact
& Outcomes

ann.fant-saez@austincc.edu

AUSTIN COMMUNITY COLLEGE

The Digital Blindspot – Digital Inequity

Access

18 million

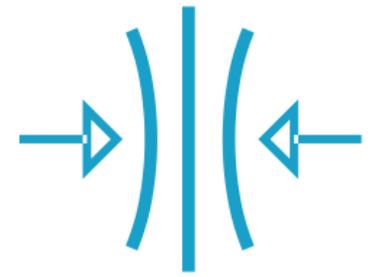

households do not have
broadband internet

Skills

32 million

adults cannot use a computer
effectively

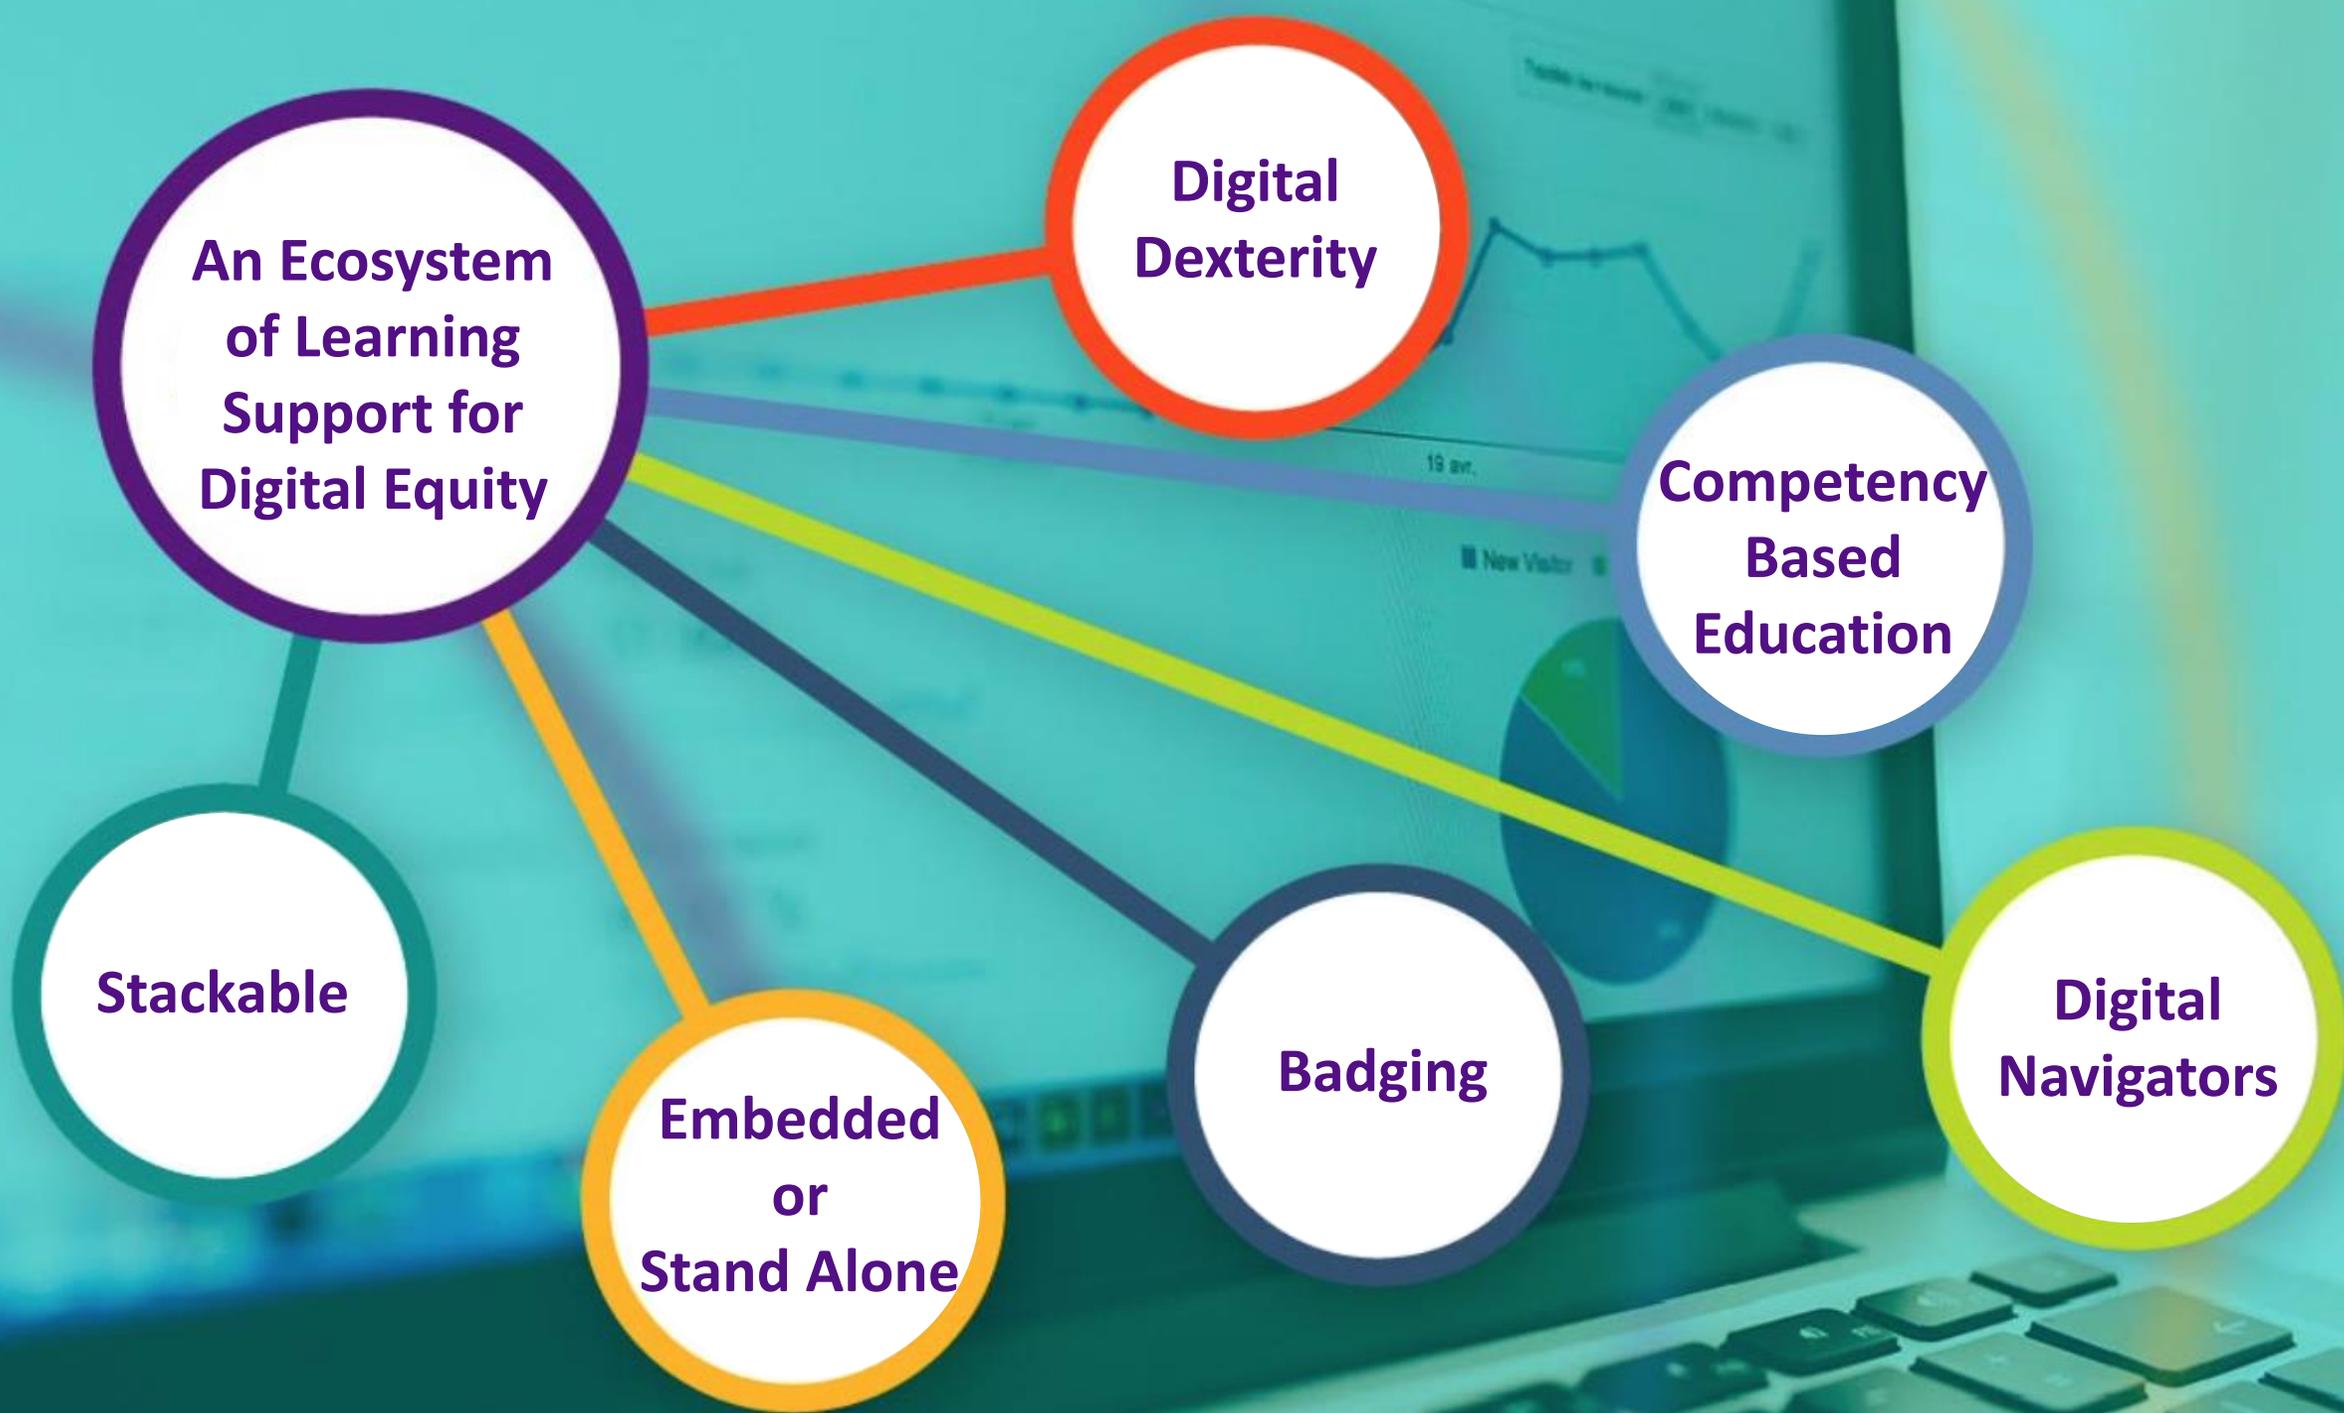

Resilience

1/2

of Americans aren't comfortable
using technology to learn

Must Have Skills for an Entry Level Position

1. Communication
2. **Microsoft Office**
3. Prior Experience and Knowledge
4. **Analytics**
5. Ability to Learn Quickly
6. **HTML/CSS**
7. Collaboration
8. Organizational Skills
9. **Photoshop**
10. **Social Media**
11. Punctuality
12. Customer Service
13. Positive Attitude

**An Ecosystem
of Learning
Support for
Digital Equity**

**Digital
Dexterity**

**Competency
Based
Education**

**Digital
Navigators**

Badging

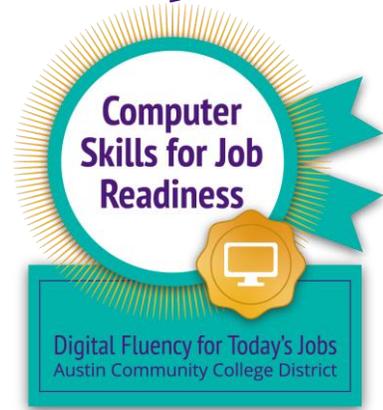

**Embedded
or
Stand Alone**

Stackable

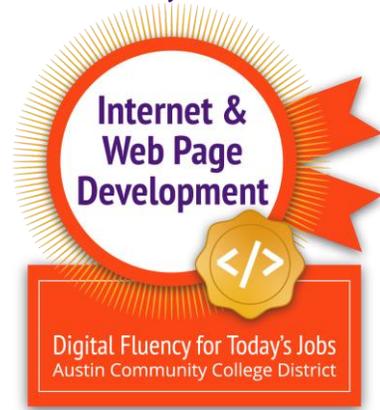

Digital Fluency for Today's Jobs

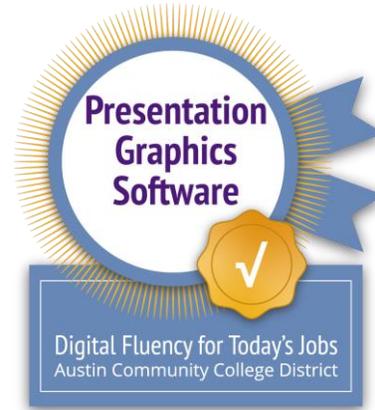

Occupational Skills Award

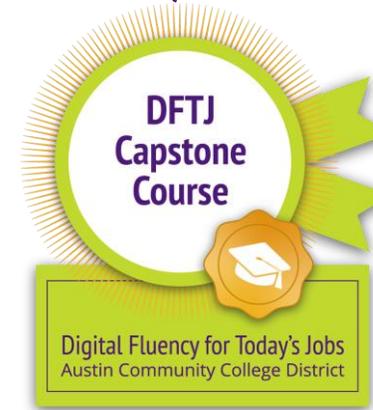

2. Microsoft Office
Google/Apple

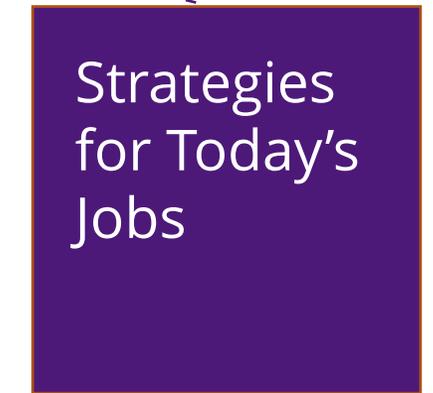

4. Analytics
6. HTML/CSS
6. Web Builders
9. Photoshop

2. Office/PowerPoint
4. Analytics
10. Social Media
Building a Video

1. Communication
7. Collaboration
8. Organizational Skills
Problem Solving

Digital Job Search Training
AI-driven resume and Interview training
LinkedIn and Indeed

Digital Fluency promotes equitable academic and career outcomes by providing microcredentials in digital and professional workforce competencies required by the 21st century workplace

All micro-credentials lead to individual badges and ultimately, a Digital Fluency Certificate

Micro-Certificates: Competencies Alignment

Fundamentals of Computer Skills for Job Readiness

MICRO-CERTIFICATE

Technical Competencies

- Basic computing functions
- Internet research
- Word, Google Docs, Apple Page
- Excel, Google Sheets, Apple Numbers
- PowerPoint, Google Slides, Keynote
- Access

Professional Competencies

- Ethical Reasoning
- Integrative Learning
- Oral Communication
- Problem Solving

ITSC 1309 Integrated Software Applications

Web Presence Fundamentals

MICRO-CERTIFICATE

Technical Competencies

- Web Builder
- HTML/CSS
- Photoshop
- Web Analytics

Professional Competencies

- Creative Thinking
- Critical Thinking
- Problem Solving
- Written Communication

ITNW-1337 Intro to Internet: Web Development

Interactive Presentations For Effective Communication

MICRO-CERTIFICATE

Technical Competencies

- Advanced PowerPoint
- Interactive Media
- Social Media
- Data Analytics

Professional Competencies

- Critical Thinking
- Critical Reasoning
- Integrative Learning
- Written Communication

ITSW-1410 Intro/Presentation Graphics Software

Problem Solving with Systems Thinking and Technology

MICRO-CERTIFICATE

Technical Competencies

- Systems Thinking methods
- Problem-Solving with AI
- Project management

Professional Competencies

- Creative Thinking
- Oral Communication
- Problem Solving
- Teamwork
- Written Communication
